*Since we still have to go through much of the Work-Sheet of the 1st scene, your assignment for the 2nd scene is very short indeed. No need for a handout:*

*Characterize the three protagonists (Stella, Blanche, Stanley) based on what they say and what they do in this scene. And prithie please: don't just say "Stanley is a smart cookie". Attach your characterization to specific sentences and parts of the text. In other words: Which of Stanley's sentences or actions makes you think that he is a smart cookie.*

*That's all. Should any other issue, question or remark pop up during your reading-process, feel free to bring it in.*

*See you around*
